Why Consider Hosting and Sponsoring a CRG Event?

Improve Your Brand Reputation

Linking with CRG will contribute to your brand reputation. CRG's resources and events are of the highest quality and value. For over 40 years, CRG has continued to set the bar in terms of delivering high-quality solutions. Our track record shows an 80% switch rate to our resources once professionals learn and understand our positive differences. In fact, HR.com has recognized CRG globally as one of the top 3 providers of professional development and leadership. It was no small feat to win this award by beating out icons like Disney University, University of British Columbia, and more than 140 other multi-national organizations.

Grow Your Business With New Leveraged Revenue Streams

As an event host, you have the opportunity to share or earn revenue on each event. That could be significant in its own right. In addition, because of CRG's leveraged referral model, as long as you are in good standing you will earn an ongoing percentage of all the business generated by your event attendees—forever! CRG's relationships are all automated with our online system. We will take care of the order fulfillment, billing, and other details with your clients. We forward your earned affiliate commissions to you based on the fact that you referred clients to CRG resources. No hassles. No work on your part. Just continue your natural relationships with your clients. The leverage can also apply when you host events such as online webinars or training.

No Burden of Designing or Delivering Event Content

Your responsibility as an event promoter and host is to fill the session. Then CRG takes over with our expertise and over 4 decades of experience in delivering outstanding content and learning experiences. You can focus on building relationships, increasing attendance, and sourcing site locations or online logistics. We will even provide an Event Expectations Checklist so you know exactly what is needed. If an item is not on the list, we are just an email or phone call away to work together with you—and we will share our marketing materials
